MINQING TANCOME TECHNOLOGY

Complete solutions for the intelligent development of fiber optic networks

Minqing Tancome Technology, under its trade name FIBRAMÉRICA, is one of the world's leading companies dedicated to the design, development, manufacture, distribution and marketing of advanced optical connectivity solutions. We work closely with the main players in the telecommunications market, such as operators, distributors and importers and installers all over the world, both as OEMs and under our own brand.

Its headquarters are located in Fuzhou, Fujian, China, with sales offices in Shanghai and Ningbo. It also has direct sales units in America, located in Brazil, where all commercial and technical support is provided in Spanish through its engineers and sector specialists. This expansion not only demonstrates its global vision, but also reflects its commitment to localized customer service, providing commercial and technical assistance in the same time zone and language as our customers.

On its path to excellence, FIBRAMÉRICA has adopted a continuous focus on improving processes, integrating emerging technologies and implementing effective communication strategies. Their dedication translates into competitive prices, efficient production times and comprehensive support, from the manufacturing process to product transportation.

Following the strictest international quality norms and standards, such as ISO9001, it guarantees that each of its products meets the quality and functionality expectations of the most demanding customers.

With a vision of the future, FIBRAMÉRICA focuses its efforts on developing and adapting new products, tailored to the specificities and needs of each project, from the initial design stage to final production.

Elevate Your Reach with FIBRAMERICA Ladders

Discover unparalleled safety, durability, and versatility with Fibramerica's Step Ladders and Extension Ladders. Designed for both DIY projects and professional tasks, our ladders offer unmatched quality and reliability. Fibramerica's Step Ladders are perfect for any job requiring a sturdy and portable climbing solution. Equipped with non-slip treads and a robust locking mechanism, these ladders ensure stability and prevent accidental slips. Made from high-quality materials, they withstand heavy use while remaining lightweight and easy to carry, ideal for indoor and outdoor use.

For tasks requiring greater height, Fibramerica's Extension Ladders provide the necessary reach and stability. Constructed from robust materials, they ensure maximum load capacity and durability, with an easy-to-use extension mechanism allowing precise height adjustments. Built to meet and exceed industry standards, Fibramerica's ladders provide unparalleled safety, performance, and versatility for home maintenance and professional construction work.
